

## Quality staples & nails for all popular tackers & nailers

This chart lists, on a comparative basis, tacker models produced by Tacwise Group Plc and by third party suppliers. It is intended to show which of Tacwise's most popular staples and nails are compatible with which brands of tackers. The use in this chart of the brand names of tacker models is for the purpose of identifying tackers as those of their proprietors. For the avoidance of doubt the brand names and models numbers listed in their own sections of the chart are in the property of their respective owners, not of Tacwise Group Plc.
